Dear Friends,

May 2014 **NEWSLETTER**

As I sit and think about the last few months, I feel blessed to share with you all that God is doing and has done, hope you enjoy reading!

UPDATE ON PHILIPPINES – TACLOBAN MINISTRY AND REBUILDING TRIP March 2014

Our trip to Philippines in March was absolutely amazing to say the least.

The team from Australia consisted of Graeme and myself and our two daughters Amy and Ellie, Nathan Schubert from New Life Chapel, Chris Hope from Global Freedom and Tim Edwards also from Global freedom.

The guys headed up the building program and went to work on 14 homes in the village areas where most of the damage had occurred close to the water's edge around near the Astra dome area in Tacloban. Working with **Operation Hope** and the Pastors Leo and Venus was a wonderful privilege. Many of their team from the local church also came together for the building and the guys had a blast as they teamed up and spent 8 days in the wet and mud but building homes for many of the families of the Rock international church in Tacloban. Great job guys! The funds raised went directly into the building of these homes, materials, labour and costs of some tools.

We also were able to do some feeding programs to the children with the Rock international which Amy and Ellie just loved being with the children.

(NLC also donated \$1000 to Dr Gloria for the sanitation of childrens needs in the poorer village area, well done guys.)

Healing Conferences in Tacloban

Meanwhile myself, Amy and Ellie worked alongside Pastora Emie and Gordon of *Eternal life Ministries* to bring a healing conference to the people that have been traumatised by the Typhoon in November. We saw around 200 attend the healing conference, many were touched by God, and we also heard many wonderful testimonies. So blessed to be with them, words can't describe what a privilege it is to serve and be with them through this time of restoration to their lives, families and homes we are hearing great things through their lives and Gods on going healing in their hearts.

We were invited to go into the University for a day of 'moving forward' for the students, (again dealing with post traumatic stress) and fear from the Typhoon. Many students attended and were so blessed as we shared in groups, prayed and worshipped in the one day seminar. I had the privilege to share my testimony also and many were inspired to bring their broken dreams and hurts to the Lord at the altar for restoration. Pastora Emie had the worship team inspire and lead the people in

Worship and praise and we saw many respond with their hands raised to God as we prayed for their hearts and salvation. Our God is a healing God and cares for the broken hearted, we saw so many tears and by the end of the day, many smiling faces as we shared this time together. We were blessed to pray for them all as they lifted their hands to God some for the first time, giving their hearts and brokenness over to Him.

It's always a blessing to serve alongside Pastors Gordon and Emie Kalich of Eternal life ministries and their church in Tacloban. They continue to support 22 regional churches and pastors in the districts, what a blessing they are! If you would like to support a Pastor you can email me and I will be happy to help you do that through their ministry.

This was a trip jammed packed with so much blessing, we saw God restoring many people's lives, hearts, homes, families, bringing His peace and joy – what a wonderful incredible God we serve!

Please note - The FUND RAISING for the rebuilding is still ongoing with 'Operation Hope' as they reach for the goal is 100 homes to be restored.

We do hope to go back and do more of the ministry of healing and building as God leads us this year and next in 2015.

Local ministry and Wellspring healing centre

It's been in my heart for some time now to have regular healing meetings in our local region of Albury/Wodonga and within parts of Australia. As we have done in the past we will continue to hold healing meetings monthly and we hope to later provide a healing centre - all in Gods perfect timing. God has given me the name for the centre as the wellspring healing centre, coming out of Proverbs 4:23. So exciting things to come in the future as we pray, plan and prepare.

Once a month we are gathering a team and holding local healing meetings, we will be joined by some guests for our **OPEN HEAVEN night of ministry this **29th May** from local bible college at Harvestlands and also friends back from Bethel USA Steve and Kim Beaumont to share their testimony.**

Mansfield Christian fellowship church – in April we were invited for the weekend to hold healing meetings in the local church of Mansfield with Pastor Nathan and his lovely wife Saskia. **WOW** what a great weekend of healing and life in this place. Many were touched by God and we were blessed just being in God's presence over the weekend watching the Lord work healing in the hearts of the people. This is our hearts desire to see the broken hearted healed, restored and set free!

Graeme I have so enjoyed partnering and getting alongside the pastors and leaders and people of the local churches, bringing life and healing. Another great moment was with the women's ministry at Global freedom church Albury. We had a day of laughter and joy hearing the word and testimonies and again seeing women touched by God in their hearts.

We are excited everytime we get to be involved in bringing healing to the nations, working alongside ministries and churches reaching into our communities in seeing lives restored and whole for Jesus.

Kingdom inspired Business – *is a new group evolving in our lives. We are partnering with New life Chapel and the business groups in the community to develop and connect with likeminded business people, market place industry and see the kingdom of God coming to earth. Once a month we will be having God inspired gatherings, to bring both social network and support to those who are called into the market place for the Lord and with Him in bringing kingdom inspired business. More info contact Graeme or myself to connect. Exciting times ahead...get connected if this is for you!*
